Hi Sarah,

Attached please find videos I took of the various RVs that are located at [7651 Woodman Ave](#) all the way through [13952 Saticoy St.](#)

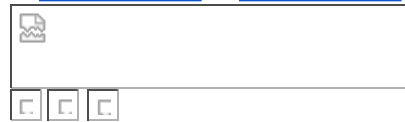

When I drove by last week I noticed that some RVs were leaking. However, due to today's rain it might be a little difficult to tell from the videos I took.

Would it be possible for the Storm Water and Hazardous team to be sent out and inspect these RVs?

Thank you for your help,
